Maintenance Instructions

Cleaning Guidelines

Upholstery cover: dust can be removed by brushing with a garment brush. For stains consult professional upholstery cleaner.

Powder-coated steel frame: the chair frame should first be dry dusted with a clean lint free cotton cloth. If wet cleaning is required then the item should be cleaned using a soft, slightly damp sponge with a mild detergent and water solution. It then must be immediately cleaned again with a soft dry cloth.

User Instructions

The product is not suitable for outdoor use.

Avoid contact with heat sources.

For major maintenance or repairs, consult the retailer.

Once the product or its components are no longer required, please make sure that they are disposed of correctly.
